DAILY BULLETIN.

Fall Goods are Coming in

which reminds us that soon we will have to use this space telling you about them.

In the meantime member we are making a strong effort to keep up our lines of seasonable stuff.

New things for immediate uses coming in almost daily.

Very Respectfully

Ransom D. G. Co

PEARLS IN THE RIVERS

But They Are Imperfect and Do Not Sell Well.

NOT OF THE CORRECT SHAPE

Only a Round or Oval Pearl Will Bring a Big Price, and We Do Not Have That Kind.

There are pearls in the rivers of Coshocton county but they are not of the form demanded by dealers and do not bring big prices.

Not long ago John Roderick, of Coshocton, read of a valuable find of pearls in a western river, and decided to try his luck. He gathered two bushels of mussel shells in the Muskingum near his home and upon opening them found 14 pearls. He took them to William Burns who will send them to a dealer in New York.

Mr. Burns has investigated Coshocton pearls and has found that they will not bring good prices because they are not perfect. To be valuable they must be oval or round, and the Coshocton county product is not built in that way. A pearl may have the desired color and to the uninitiated appear as well as a valuable one but if it lacks the correct form a handfull are worth scarcely more than a dollar.

It has never been explained why Coshocton pearls are not perfect. The mussels here are the same as those found in the Miami and Mississippi rivers that have yielded up fortunes and produced many beautiful pearls, but they seem to lack the knowledge of what is really a good pearl. Some large pearls have been gathered in this vicinity and almost 400 were once gathered near Walmsond, but the defect in form was such as to render them almost useless.

Mr. Roderick hoped he had found a good thing in those 14 pearls, but it is probable he will be disappointed.

ENGINEERS AT WORK.

Surveying the Proposed Electric Line From Uhrichsville.

Geo. M. Beerbower, civil engineer in the employ of the company who are to build the Newcomerstown-Uhrichsville street railway, started with a force of six men Wednesday morning to survey the route of the proposed line. The start was made at a point in West Uhrichsville where the United Electric company's line curves to the passenger station.

Mr. Beerbower, who has the work in charge is chief engineer of the New York zoological gardens.

CHANGED THE DATE.

County Sunday School Convention Will Be Held Aug. 30.

After all arrangements had been made to hold the county Sunday school convention at Avondale Aug. 29 it was discovered that the Columbus workers would be in another part of the state and could not reach there in time for the meetings. It was accordingly decided to change the date and the convention will be held the next day, Friday, Aug. 30. Preparations are being made to entertain a large crowd and leading Sunday school workers from all parts of the county will be present.

FOR TWO WEEKS

Coshocton People Will Camp on the Lapp Farm.

The Royal camping club, consisting of the families of E. W. Jacobs, T. J. Hanley, William Renner, A. J. Rickerts and Charles S. Raymer, will go into camp on the Lapp farm, a short distance below Conestoga, Monday. They will remain in camp two weeks and have made every preparation to make it an enjoyable outing. They were in camp in the same place last year. Some big fish stories are anticipated by the friends of the club.

COURT HOUSE.

REAL ESTATE TRANSFERS.

James W. Martter to Edward J. Martter, quit claim to interest in lot 121, Coshocton, \$151.82.
Marie Parks to Annie M. Krider, \$500 acres in Jackson township, \$800.

PROBATE COURT.

Will of J. C. Merrell offered for probate; hearing Aug. 15 at 10 o'clock; notices issued.

PROPERTY OWNERS

Object to the Use of a Private Driveway.

Mrs. Palmer and Mrs. Haight, who own property on the hill, announce that they object to the use of their private driveway between Main and Chestnut streets by persons having no right on the ground. The driveway is for coal and garbage wagons, and all others, including milk and grocery wagons, are expected to use the street. Prosecution will follow if the practice is continued.

FUNERAL OF W. H. McCABE.

Many Came From a Distance and Joined Coshocton in Paying a Last Tribute.

Funeral services over the body of the late W. H. McCabe were conducted at his residence on Walnut street this afternoon at 2:30 o'clock. Many persons from a distance were present to pay their last tribute to the friend who always held a warm place in their hearts.

The flowers were many and beautiful. They surrounded the casket and almost hid it from view. Coming as they did, not only from friends in Coshocton but from men in many parts of Ohio who knew and honored their friend they showed the high esteem in which he was held. Silent witnesses of a sorrow that is deeply felt they filled the room with a radiance that took from the casket its more somber aspect and spoke in eloquent terms of the life that is to come.

The services were carried out as planned and in accordance with the desires of Mr. McCabe's many friends. The Elks, Knights of Pythias and Odd Fellows attended the funeral as organizations, and Rev. Dr. Toland conducted the services. A quartet made up of Mr. Boyd, Mr. Dawson, Doctor St. Clair and Mr. Lear rendered "Sweet Day," and "God Be With You," beautifully, and W. R. Pomeroy, representing Coshocton lodge of Elks, made a touching address. C. H. Mack, grand representative of Fidelity lodge, Knights of Pythias, spoke feelingly of the man they had honored. Rev. Dr. Toland gave a brief address filled with words of comfort for the family, and the body was taken to Oak Ridge cemetery where it was tenderly laid to rest. The simple but beautiful burial service of the Elks was used and the sad and impressive ceremony was at an end. The pall bearers were C. L. Cassingham, W. J. Stewart, H. D. Beach, Theo. Agnew, E. S. Lee and C. E. Cotton.

The relatives from a distance who were present at the funeral are Mrs. Stocking, Washington, Pa.; Mr. and Mrs. McCarrick and James McCarrick, Mr. and Mrs. Hugh Ricketts, Columbus; Mrs. Adams and Miss Adams, Zanesville; S. Roe Robinson, Pittsburgh; Mrs. Kureth, a sister, is on her way from Virginia but did not reach here in time for the funeral.

The Elks from a distance are: Hon. J. H. Mitchell, Joseph McCollough, W. T. Albertson, How C. H. Ackey, E. C. Kneass and Senator J. E. Hurst, of New Philadelphia; E. J. Darmon, of Westwood, John C. McMahon, Theodore Myers, J. P. McHaffey, John A. Bostwick, A. B. Clark, C. A. Rech, Charles S. Hanum, Ben Hellerbrand, C. L. Brudewold, Cambridge; James W. Hopkins, William Krupps, John W. Johns, Joseph Loeb, J. P. Welch, Uhrichsville; W. D. Fulton, Doc Woods B. Altshol, A. R. Pitzer, John Brannon, F. G. Warden, Frank Hartley, Louis Bolton, How William E. Miller, Frank Neaur, Frank Hughes, John Doyle, Newark; Albert Geiss, Frank Walker and P. R. Gobel, Zanesville. Barton Gray, of Zanesville, was also present.

PEOPLE WE KNOW

Their Comings and Goings and Society News in General.

—Robert Dorsey has gone to Toledo to cook for a regiment of the guard.

—Miss Ethel Whitaker, of Columbus, is the guest of Miss Sarah Marshall.

—Ed H. Wilson pleasantly entertained a party of friends at the Elks club Wednesday evening.

—Judge Taylor, of Newark, arrived here this morning to attend the funeral of W. H. McCabe.

—Mrs. J. G. Zahner, of Shanesville, is visiting her daughter, Mrs. C. S. Belknap, Mulberry street.

—Harry Anderson, of Chicago, who came here a few days ago to visit, has gone to Tyrone, Pa., to visit relatives.

—Mr. and Mrs. James Ingram, of Kimbolton, returned today after a visit with Mr. and Mrs. E. V. Coe, Chestnut street.

—Mrs. Samuel Irwin and two children have returned to Pittsburg after a visit at the home of Mr. and Mrs. C. E. Anderson. They were accompanied by Miss Annie Anderson.

—Nov Philadelphia Tribune: Hon. G. W. Johnson, of Akron, member of the state board of public works, accompanied by Mr. C. H. Geidel, of Coshocton, superintendent of this division of the canal, were in New Philadelphia last Thursday morning on official business, and made a brief but pleasant call at this office. Miss Rose Latham, of this city, left Tuesday for a two weeks' visit with friends in West Lafayette and Coshocton.

—G. F. Wilcoxon, of Coshocton, was in town last Friday on a little visit to his son, W. G. Wilcoxon, the popular jeweler. The gentlemen were around in the afternoon viewing the busy industries of the city. Norman Cotton, of Coshocton, representing the trades and labor council of that city, was in town Friday evening negotiating with the Hyperions to play with half a dozen other bands at the Labor day demonstration to be held there September 2.—Newcomerstown Index.

RECOIL OF THE GUN

Was the Cause of Philip Stairheim's Death.

WILLIAM BIGGS PASSED AWAY

After an Illness Lasting Only a Short Time. Death of Mrs. Clark, Another Rescoe Resident.

Philip Stairheim died at his residence on Chestnut street Wednesday night. Death resulted from an accident which at first gave no reason for alarm on the part of his friends. Mr. Stairheim was crossing a fence on his property near the Tuscarawas bridge when his gun was discharged and the recoil caused the stock to strike him in the abdomen. He was knocked down and several hours passed before he regained sufficient strength to walk home. He became very ill Wednesday and died at 11 o'clock.

Mr. Stairheim was born in Germany and came to this country when eight years old. He resided on a farm in Clark township until eight years ago when he moved to Coshocton. He was married to Mrs. Lucy Beyer in 1859 and seven daughters and one son were born to them. They are Samuel, who lives on the farm; Mrs. Lizzie Pharrion, Mrs. Carrie Powelson, of this place; Mrs. Sarah Rose, Erie, Pa.; Mrs. Laura Fox, Mrs. Lydia Lanning, Mrs. Jennie Rice and Mrs. Emma Myers, of this county.

Funeral services will be held at the residence on Chestnut street, at 10 o'clock Friday morning and interment will be made at the Weatherwax cemetery in Clark township.

William Biggs.

William Biggs, who was stricken with paralysis Sunday morning, died at his residence in Roscoe Wednesday night soon after 11 o'clock. All the members of his family were present when he passed away.

Mr. Biggs was born on the Denman farm north of Roscoe, and with the exception of two years spent in California during the gold excitement has always lived in Tuscarawas and Jackson townships. He went west in the hope of improving his health, and is probably the last of the Coshocton men who went to California in 1849. He was the father of 12 children, seven of whom are living. They are Mrs. Crawford, Springfield, Mo.; Mrs. C. B. Smith, Columbus; Mrs. Adam Strone, Warsaw; Mrs. J. S. Elliott, Coshocton; Miss Elizabeth who is at home; Joseph Biggs, of Coshocton, and William Biggs, of the railway mail service.

Mr. Biggs was honest and upright and always held a high place in the community. He was esteemed by all who knew him, and his death is deeply deplored. He was 74 years old.

Funeral services will be conducted Saturday afternoon at 2 o'clock by Rev. Mr. Jones, pastor of the M. E. church, and interment will be made in Roscoe cemetery.

Mrs. Jemima Clark.

Mrs. Jemima Clark, wife of Henry Clark, died at her home in Roscoe after a long and severe illness caused by cancer of the stomach. She was 65 years old, and in addition to her husband had two daughters, Mrs. McCleary and Mrs. Cross, of Roscoe, and five sons. The funeral will take place Friday afternoon at 2 o'clock, and the remains will be laid to rest in Roscoe cemetery. Mrs. Clark possessed many lovable characteristics that drew to her dear friends who deeply mourn her death.

BONDS STAY AT HOME.

The Commercial Bank Complied With the Law.

When the board of education advertised the school bonds it included in the advertisement the customary statement that a certified check for a given amount must accompany each bid. This was done by the Commercial bank, but the other concern that bid \$500 for the bonds failed to remember that provision and the bonds will therefore go to the Commercial as the highest bidder complying with the regulations.

HIS NAME IS SMITH

But He Would Not Tell Magistrate Manner Where He Lives.

A man named Smith, a stranger who looked upon the cup when it foamed, was picked up by Chief Maple Wednesday and given a bed at city hall. He was taken before Magistrate Manner this morning, but refused to say anything beyond the plain fact that his name was Smith. He was fined \$1 and costs and advised to shake the dust of Coshocton from his feet as soon as possible.

ONE CONVENTION CLOSED.

The Baptist Begin the Other at Once and Hear Good Addresses By Prominent Men.

The Baptist Sunday school convention closed at the Baptist church on Chestnut street this morning, and the work of the Baptist association was at once taken up. It is the most successful gathering of these organizations held in many years, and the entertainment offered by the local people could not be better. More than 100 persons ate dinner at the church Wednesday, and the tables were crowded today. The delegates are being entertained in Baptist homes, and are receiving every attention.

After devotional exercises by Rev. T. B. Vuker, of Tiverton, Wednesday afternoon a symposium under the head of "Essentials of Good Teaching," was conducted. Rev. Mr. Vuker, Miss Jennie Burt, of West Lafayette, and W. H. Wilson, of Dresden, were the speakers. "How to Secure Function," was ably handled by S. L. Campbell, of this city, and the importance of Bible School Work," was well discussed by Rev. C. C. Erwin. "The Bible School as an Agency in Soul Winning" was the subject given Rev. W. H. Taylor, of Newcomerstown, and he was heard with the closest attention. Rev. W. A. Holmes, of Granville, pointed out "Some Common Mistakes in Teaching," and a question box of great interest was conducted by the same gentleman. After the appointment of committees the session adjourned.

Rev. W. H. Wilson led devotional exercises in the evening and the "Place of the Bible School in Church Work," was the subject of an intensely interesting address by Rev. B. F. Patt, pastor of the First Baptist church of Newark. The gentleman is a scholarly speaker and his address was heard with the closest attention by a large audience. The other feature of the evening was an address by Prof. C. L. Williams, of Denison university. The gentleman spoke in an earnest strain and won the audience to the principles of the important subject he had in hand. Miss Jennie Burt rendered a pleasing piano solo.

Rev. W. H. Taylor had charge of the devotional Thursday and prayer was offered for the Bible schools. A number of committees reported, and the following officers were chosen:

President, Rev. W. H. Wilson; President, Secretary, J. W. Cochran, West Lafayette; treasurer, S. L. Campbell, Coshocton. The place of meeting next year will be decided Friday morning by delegates on "What Our School Most Needs;" "What Our School Most Needs;" were very interesting, and "What Shall We Take Home From This Convention?" was the subject of a sensible talk by Rev. Mr. Ashton. This ended the sessions of the Sunday School convention.

Coshocton Baptist Association.

The first session of the Coshocton Baptist association, composed of representatives from 16 churches was opened by Moderator J. B. Burt. The introductory sermon was delivered by Rev. E. B. Senter. The gentleman covered his subject in a masterly manner. After the transaction of routine business the morning session was adjourned.

This evening will be devoted to missions work and a special invitation is given to the people of Coshocton to attend.

RIGHT AT HOME.

Town Topics and All Kinds of Local Happenings Told in Brief.

—The Gray Hardware Company.

—A little girl came to the home of Mr. and Mrs. William West, Wednesday.

—The blackberry crop has reached its end in this section. The berries were small because of the lack of rain.

—The lawn fete, to have been given by the ladies of Grace church at the residence of Mrs. Alfred Peck this evening, has been postponed because of the rain.

—While driving along the Warsaw road near Roscoe, Wednesday, J. D. Elson and Fred Haller found a set of new double trees. They are anxious to find the owner.

—Mrs. Lawrence Wimmer is very ill at her home on Vine street. She was very low at noon, but it was thought she was dying, and she rallied and is somewhat better.

TUNNEL HILL.

TUNNEL HILL, Aug. 13.—Mr. and Mrs. George Hoover, of Millersburg, George Richcreek, of Knox county, J. F. Richcreek, of Newark, Albert Ogle and wife and H. Warfel and wife, of Coshocton, attended the funeral of Mrs. W. K. Johnson.

Eva Smith left Tuesday for Camp Sychar. A number of others expect to go.

Threshing if about done. Wheat is light. Hart Dean had 205 bushels on 15 acres which is the best of this section.

Mr. Norris is improving.

Labor Day Excursions.

On account of Labor Day celebrations at Coshocton and Zanesville, the W. & L. E. will sell excursion tickets to either of those points at rate of one fare for the round trip Sept. 2, limited for return to Sept. 3, 1901. 3t

DROUTH IS NO MORE

It Was Broken By a Rain That Lasted for Hours

SOME CELLARS WERE FLOODED

Trees Were Blown Down and Streets Were Almost Impassable for Pedestrians.

The drouth that has lasted many weeks and gave promise of causing great loss in Coshocton county was broken Wednesday night by a heavy fall of rain. The storm was severe and some damage was done.

The storm came with wind that blew great clouds of dust through the streets and caused inconvenience in many households. Dust was deep everywhere and it was caught up by the wind and whirled along until pedestrians were greatly inconvenienced. Trees suffered, but the damage was not great in the city. A tree in Courthouse park lost a limb and a number of small trees in other parts of town were blown down.

The rain came in showers and every shower was a sheet. Main street was flooded and at the corner of Sixth a lake was formed. Water there was so deep as to flood sidewalks. So great was the rainfall that great quantities of water poured off the hill and washed the paved streets thoroughly.

Walnut street suffered from the rain, the street being filled with water in places from curb to curb. The cellar of Councilman Barcroft's store was half filled and considerable damage was done. The improvement at Chestnut and North Fifth prevented damage there.

The rain was received with blessings by the farmers throughout the county, for to them it meant many dollars. Peaches and other fruits were sadly in need of rain and if it had not come the great crop would have been seriously damaged. Cornfields had long been dry and the crop was in danger. Even now the statement is made that corn on hill farms cannot be saved and only a small proportion of the expected crop will be husked. The bottom lands, however, will be greatly aided by the rain of Wednesday night. Pastures, almost turned out, will be renewed, and this whole section will be benefited.

REGULAR SERVICES

Are Now Being Held at Camp Sychar and the Attendance is Large.

Mr. VEKXOS, Aug. 15. (Special)—Regular services are now being held at Camp Sychar. The attendance is large and a number of people came in Wednesday.

Rev. Dr. Oliver preached the opening sermon to a large audience. Services are well attended. Miss Stella McNutt, who is well known to many Coshocton people, is here and taking an active part.

The program for Thursday consists of prayermeeting led by Rev. C. E. Lewis, of Trineville; Bible study by Rev. J. W. Donnan, of Marion; sermon by Evangelist Clark, of Alliance; Pentecostal normal; choired by Rev. C. H. Morrison, of Louisville, Ky.; Young People's meeting led by Rev. C. F. English; sermon, by Rev. H. G. Scuddy.

The Coshocton people have settled down to enjoy their stay, and are very comfortably situated.

ENTERTAINED THE VETERANS

Company K, of the Thirty-Second, Holds Its Annual Reunion.

The few surviving soldiers who served under Captain James in company K of the Thirty-second Ohio, were entertained at his residence on Main street today. A large number of other veterans were present, and dinner was served at noon. A tent had been erected on the lawn. The company holds its reunion every year at the home of one of its members.

CAME IN A LOCOMOBILE.

Postal Telegraph Lineman Travels in Fine Style.

Emerson Conwell, the Postal telegraph lineman who lives in Uhrichsville, came to the city Wednesday in a locomobile. He was in search of a defect in the wires and found it near Coshocton. Conwell left Uhrichsville at 9 o'clock in the morning and returned about 5 in the evening, having made the trip of about 60 miles at average speed. He will use the locomobile in his work.

Cards of thanks, resolutions of respect, society or lodge meetings, obituary notices, and advertisements of balls and celebrations will be inserted for five cents a line. News notices of marriages, births and deaths will be inserted free.

The DAILY AGE is on sale at C. E. Anderson's drug store and Boyd's news stand.

LONE HIGHWAYMAN.

Stage Coach Held Up In Thorough Road-Agent Style.

Glen Falls, N. Y., Aug. 15.—At North River the Blue Mountain stage coach, which connects with a train at North Creek, in Warren county, was held up by a masked robber.

When the vehicle left the station it contained seven men and one woman, besides a quantity of express and mail matter for Blue Mountain lake. When the stage was one and a half miles north of Dunlap's hotel, at North River, a masked robber suddenly appeared. His first move was to shoot one of the horses. He then ordered the passengers to hold up their hands and alight. Six of the men immediately took to the woods, the remaining man staying with his wife, who was relieved of \$20, but the robber failed to find a larger sum which was in another pocket.

The highwayman rifled the mail bags and plundered the express packages, taking everything of value. He then disappeared into the woods.

Invader Wins the Cup.

Chicago, Aug. 15.—The Canadian yacht invader won from the Cadillac again in a grand race, and the Canadas cup goes back across the border. Chicago yachtsmen are not dismayed and both the Chicago and Columbia yacht clubs challenged immediately for the cup. Each club sent a challenge direct to Toronto immediately after the race, at the same time handing Commodore Goodenham of the Royal Canadian Yacht club a duplicate. The Rochester Yacht club also challenged at once and so did two Detroit yacht clubs.

Czar Wants Campbell.

Helena, Mon., Aug. 15.—John Campbell, the veteran racing man, whose stables won the Brooklyn handicap in 1892 and 1893, and who has a string of horses at Butte, states that he received an offer from the czar of Russia to take charge of the czar's training stables at St. Petersburg. The czar, he says, offered him through an agent \$10,000 a year and 10 per cent of the winnings of his horses. Mr. Campbell says he has not yet accepted the offer, and may not do so.

Only One League Next Year.

Chicago, Aug. 15.—One big baseball league for next season, 16 clubs. James A. Hart or Ban Johnson for president. Ban Johnson or James A. Hart secretary and treasurer. Andrew J. Freed man main wheel horse of the directors: such is the last combination formed on the baseball map, and such is the deal which, unless somebody's temper overrules the scheme, will in all probability be carried through.

FLOODS COME AGAIN.

Portion of Arizona Is Having a Surfeit of Showers.

MUCH DAMAGE DONE TO RAILROADS.

Rivers in Kentucky Mountains Are Raging Torrents—Storm Breaks Up the Water at the Mouth of the Mississippi—Houses and Bridges Washed Away at Coal Creek, Tenn.

El Paso, Tex., Aug. 15.—All the southern portion of Arizona has suffered from high water for weeks, and the destruction of property, especially of railroads, has been enormous. The Southern Pacific and the smaller mineral roads have suffered many washouts. The "burro" road that runs from Benson to Nogales has been out of use several weeks, and nearly every day fresh floods come that destroy parts of the track. In all over 10 miles of the track has been swept away, and the company has all its surplus help at work repairing the damage to the road.

The El Paso and Southwestern road has suffered severe losses between Benson and Bisbee, and a dozen bridges have been swept away. The Maricopa and Phoenix railroad and the Arizona and New Mexico have lost a great deal of track and trains are very irregular.

Kentucky Valleys Inundated.

Middlesboro, Ky., Aug. 15.—Damage amounting to thousands of dollars has been done to citizens of this section, especially those who occupy the valley farms. It has been raining for several days. A large portion of this valley is inundated. A suburb of Middlesboro is under water, but the damage is slight. Stonega, Va., was visited by a waterspout, which compelled three-fourths of the inhabitants to flee for their lives. The damage in that section is beyond estimation. Cumberland and Powell rivers are on a rampage but the damage is not great in the higher sections. Reports of floods come from all parts of the mountain districts.

Storm at the Delta.

New Orleans, Aug. 15.—The storm which has been raging at the Mississippi river's mouth has backed the water in the river up fully five feet. Many rice fields along the lower coast are under water and orange lands will be damaged. Many people in that section have left their houses. There is probably some loss of life, but no definite reports have reached here. Along the Mississippi gulf coast wind and water are high, but no damage has yet been reported.

Tennessee Town Under Water.

Coal Creek, Tenn., Aug. 15.—Coal creek is two feet higher than ever before known. Half the town is inundated and the people are being forced to move to high ground. Seven bridges and trestles on the Southern railway near Coal Creek have been washed away. Six houses were washed away near Coal Creek. The damage will amount to many thousand dollars. No lives are reported lost.

Gale at Mobile.

Mobile, Ala., Aug. 15.—A brisk gale of wind from the southeast resulted in backing the water of the bay at this point and raising the water level some five feet above average high tide. For a time it looked as if the cotton wharf would be flooded, but the wind abated and the tide fell. No damage to shipping is reported.

Wet at Asheville.

Asheville, N. C., Aug. 15.—It has been raining in this section almost incessantly for three days and nights, all streams are swollen and rising and a repetition of the recent floods is imminent. Trains were tied up but are now running to Knoxville.

Confagration in Florida.

Pensacola, Fla., Aug. 15.—Fire broke out at Chipley, Fla., a railroad station, and destroyed a large part of the town. The loss is \$100,000. The following general merchants were burned out: Ball & Company, Harper Brothers, L. E. Johnson, C. G. Allen, McGeechee & Company, Wells Brothers, J. B. Williams, J. S. Harfield, F. M. Farrio, McCormick & Johnson, and the livery and feed stables of F. W. Harvey. The fire was of incendiary origin, and makes the third in town within 60 days. Citizens offer a large reward for the apprehension of the incendiaries, who are supposed to be negroes. There is considerable excitement.

Says China War Is Not Over.

Geneva, N. Y., Aug. 15.—Bishop F. R. Graves of China, who is visiting relatives here, says the war in China is not over and that anarchy almost exists in the northern part of the country. The people are dissatisfied with the present rule and he thinks Kwang Su will occupy the throne as soon as a leader appears. Bishop Graves added that civil war probably will be the result of the occupation of the foreign powers.

Helped Her Lover to Suicide.

St. Louis, Aug. 15.—Mrs. May Cupples confessed to Deputy Coroner Fitzsimmons that she bought the morphine which brought about the death of Edward Alexander, son of a prominent family of North Vernon, Ind., last Friday. She said she was fully cognizant of the fact that he wished to commit suicide because of his love for her, and which she could not reciprocate, but that she made no effort to frustrate his plans.

Loomis Hands Up His Letter.

Lisbon, Aug. 15.—Francis B. Loomis, the new United States minister to Portugal, had an audience of King Charles and presented his credentials.

Roomania's Wheat Crop.

Bucharest, Aug. 15.—According to statistics published by the academy of agriculture, the Roumanian wheat crop for the present year is 40 per cent above that of last year. The maize crop is expected to exceed all previous records.

Sheep Drank From Poison Springs.

Helena, Mon., Aug. 15.—Bourne & Hamilton, Choteau county sheep men, have lost 4,400 sheep which drank from springs heavily impregnated with borax.

THE MARKETS.

Grain and Stock Prices For Aug. 14.

Cleveland.—Cattle: Good to choice dry fed steers, 12.00; heavy, 11.00; 10 to 12 lbs. fat, 10.00; green half fat, 1.00; 1.00 to 1.20 lbs. fat, 1.00; 1.20 to 1.40 lbs. fat, 1.00; 1.40 to 1.60 lbs. fat, 1.00; 1.60 to 1.80 lbs. fat, 1.00; 1.80 to 2.00 lbs. fat, 1.00; 2.00 to 2.20 lbs. fat, 1.00; 2.20 to 2.40 lbs. fat, 1.00; 2.40 to 2.60 lbs. fat, 1.00; 2.60 to 2.80 lbs. fat, 1.00; 2.80 to 3.00 lbs. fat, 1.00; A Fifty Knot Steamer.

Lieutenant Graydon, an English officer, has, it is said, so improved the type of turbine engine that he claims to have produced a machine capable of driving ships at a 50 knot speed across the Atlantic. Associated with him are several engineers and others who should certainly know what they are about, and it is under their supervision and guidance that this marvelous engine is being developed, says The Marine Journal. The Liverpool Journal of Commerce says of it: "The greatest change, however, which this invention will effect, it is maintained, is in submarine navigation. But perhaps too much is promised in this particular line for the good of the invention, for we doubt not the majority of marine engineers will take exception to the apparently extravagant estimates of the work it is accomplished by the machine and the boats into which it is eventually to be introduced." Along with Lieutenant Graydon is Herbert Greig of the Carnegie Steel company. Allen E. Shiner is also working with the patentee in perfecting this revolutionary machine.

French Hospital For Lepers.

A large hospital is being built in the Vosges mountains, France, for the isolation and treatment of lepers. In case whole families are attacked small dwellings are provided for them.

Mull's Lightning Pain Killer

MASTER OVER ALL PAIN INSIDE OR OUTSIDE

If the pain is inside, such as Diarrhea, Cholera, Cramps, Colic, etc., a teaspoonful in a little water or milk two or three times within an hour generally checks it.

If the pain is outside, rub the PAIN KILLER briskly and freely on the sore spot and relief comes quickly.

Price 25c at your druggist's, or sent by

THE LIGHTNING MEDICINE CO.,

Mull's Grape Tonic cools the blood, cures stomach trouble and indigestion, makes appetite. 50c for a large bottle.

COKE DANDRUFF CURE

Universally Approved.

Public Quick to Appreciate the Honest Efforts of the A. R. Bremer Co.

A Fair and Open Test of Their Great Cure They Not Only Court, but Demand.

Two full days the papers of Coshocton gave public notice that the proprietors of Coke Dandruff Cure would, if their claims could be substantiated, revolutionize the treatment of dandruff and all hair and scalp troubles, and that the public might be given the benefit of this remedy without cost, they were invited to obtain a free sample bottle at Sieglitz & Williams' drug store.

In this open way everybody would be enabled to form their own judgment as to the value of Coke Dandruff Cure. The force test called for no restrictions. Physicians were not barred, in fact, they were welcomed, and as still further proof of this, while the free distribution ended at Sieglitz & Williams' drug store on Tuesday, A. R. Bremer Company's representative will ever now be glad to furnish free, to all physicians who apply, a sufficient quantity of Coke Dandruff Cure to make such tests as in their judgment may seem necessary. Coke Dandruff Cure is guaranteed to cure dandruff, falling of the hair, and is the best tonic in the world to day.

For sale by all druggists. All first-class barbers use it.

Admiral George Dewey writes: "I have used Coke Dandruff Cure for the past year and found it an excellent preparation."

CHINESE STUDENTS COMING

Sheng Will Pay Expenses of Ten at University of California.

Sheng, minister of commerce of the Chinese empire, and Professor Fryer, head of the department of oriental languages and literatures at the University of California in San Francisco, have evolved a plan to aid in the education and enlightenment of China, says the New York Sun. This plan was agreed upon during Professor Fryer's stay in China this summer.

It is proposed to send young Chinese students to the University of California to finish their education. After several years passed in California in the study of western arts and sciences these students will be sent back to their country to spread advanced ideas. Their influences will be counted upon to encourage many more Chinese youths to come to study in the United States, and it is believed that in a few years a steady stream of students will be flowing back and forth between China and the United States.

Ten students will enter the university at the beginning of the opening term, their expenses being paid by Sheng. A house will be rented at Berkeley, where the Chinese students will live.

RAFT TO SAVE LIFE AT SEA.

Inventor Hopes to Win the \$20,000 Pollock Prize.

N. H. Borgfelt will enter a life saving raft in a competition in France for the prize of \$20,000 offered by the estate of Anthony Pollock, who was lost in the wreck of the Courgeonne on July 4, 1898.

The raft which Mr. Borgfelt controls is made of floats and bags of rope netting, which can be rolled into the size of an ordinary ship's boat and stowed to support in the same way, says the New York Evening World. When needed, it only requires the cutting of a rope to cause it to unroll and float alongside the vessel. There it is held by a rope ladder as wide as the raft, down which 15 persons may scramble abreast. Instead of tossing like a boat it merely rises and falls with the action of the heaviest waves.

The main purpose of the device is to afford a safe method of loading boats. By lowering the boats empty they can be easily filled from this floating landing stage.

The Coming Cup Race.

The trials on the other side of the Atlantic do not appear, so far as we can tell, to have given such encouraging results to the cup defender's owner as those on the Clyde have to the challenger's, says The Saturday Review. But we are not disposed to place too much reliance upon this. Americans have a way of coming up to the scratch in these matters which makes them dangerous rivals. The cup has been there a long time, and experience does not encourage sanguine expectations. Nevertheless it is beyond question that Columbia early in the month has been showing Constitution the way round the course. Columbia, it must be remembered, was the 1899 defender. If it could be shown which of the two, Shamrock I or Columbia, were now the better boat, perhaps a moderately reliable forecast of this year's race might be made.

Stockless Anchors For the Celtic.

By providing the biggest steamship in the world, the Celtic, with stockless anchors a controversy of long standing has probably been settled by its designers and builders, says the New York Post. The Celtic has three of these anchors, and each of them weighs 7½ tons. The old style anchor of the form which the word suggests to the inexperienced is passing away on all large vessels. By dispensing with the stock the rigidity of the lower circular part of the anchor is avoided, and a more convenient shape is obtained, much more easy to handle and one that lies more snugly to the side of the vessel. It has been said that they do not hold, but this evidently is not believed by the builders of the Celtic. In addition this great ship has a stream anchor weighing 2,000 pounds and a kedge anchor weighing 1,000 pounds.

CHARTERS CANCELED

South Chicago Men Refuse to Join the Strikers.

WILL STAND BY THEIR CONTRACTS.

Assistant Secretary Tighe's Mission Failed—His Warning That Their Charters Would Be Forfeited Was Greeted With Laughter and Cheers. Labor Movements.

Chicago, Aug. 15.—There will be no strike of the men at the steel mills at South Chicago. This point was settled when the men refused to reconsider the action taken Saturday night when they decided to stand by their contracts with the mills and refused to join the strikers. Assistant Secretary M. F. Tighe of the Amalgamated Association, who came to Chicago with the intention of securing a revocation of the action of Saturday night, if possible, revoked the charters of both lodges of the Amalgamated Association in South Chicago mills and declared the men outside of the organization. The men greeted his announcement with laughter and cheers. Mr. Tighe arranged a secret meeting of the two lodges of the Amalgamated Association. The men gathered at the appointed time but there were so few of them in the hall that the end of the matter was foreshadowed.

Mr. Tighe made a long address to the men, giving them the story of the strike from the standpoint of the Amalgamated Association, and asking them to help the men in the east by quitting the mills in South Chicago. Several speeches were made by the local members of the association in reply to Mr. Tighe, the general trend being that the men considered themselves bound by contracts with their employers and that they did not think that it was their duty to turn their backs on these contracts at the bidding of the officers of the association.

When a vote was taken on the question of reconsideration the men by an overwhelming majority refused to reopen the question. Mr. Tighe then announced that the charters of both lodges were revoked and the meeting at once dissolved.

After leaving the meeting Mr. Tighe expressed himself as greatly disappointed at the action taken. He went to the Bayview mills at Milwaukee and also to those at Joliet. He will repeat the program at these places, explain to the men the causes of the strike, and if they decline to reconsider their action in refusing to join the ranks of the strikers he will declare the charters of all their lodges forfeited and rule the men out of the Amalgamated Association.

Official announcement is made that the secret ballot of the Joliet steel workers taken Sunday was not to strike. Secretary Tighe called a conference of the presidents of the four leading Amalgamated lodges of Joliet for 2 o'clock this afternoon.

SPREAD OF THE STRIKE.

Recruits to the Amalgamated Rank. Trust Starts More Mills.

Pittsburg, Aug. 15.—Recruits to the forces of the strikers at McKeesport and Wheeling has brought the number rendered idle by the three orders to about 65,000. Many of the men, drawn into the movement willingly or unwillingly, continue to accept other employment and the exact number now idle is a guess. The strikers are fully in control at McKeesport, Wheeling, Newcastle, Bellaire, Mingo Junction, and show some strength here. The manufacturers hold South Chicago, Bayview, Joliet, Youngstown, Columbus, the Kiskiminetus valley, the tin plant at Monessen and the Carnegie group. Of the last named property some doubt has existed as to the Lower Union mill in Pittsburg. Some men have left their places there and the strikers boast that they will close it down. It is running, however, and the managers say it can not be stopped. Desertions from the ranks of the strikers are reported from Painter's mill here and the Crescent plant in Cleveland, and the managers say it is only a question of time until a general break in the lines of the strikers.

By zealous work the strikers succeeded in forcing the National tube works at McKeesport, probably the largest individual plant in the United States Steel corporation, to close down. On the other hand, the steel corporation reopened the big Painter mill in this city and also resumed operations with nonunion men at the Crescent plant of the American Tin Plate company at Cleveland. Two mills were on at the Painter plant, although one of them broke down during the day. According to the statement of the officials half the mills in the Crescent plant were moving. The forces at both plants named are to be increased and the managers claim they will soon have them working in full. They make the fifth and sixth plants which the steel corporation has succeeded in starting with nonunion men, the others being Wellsville, Hyde Park, Clark's mill and Lindsay & McCutcheon's mill.

The manufacturers have made no effort to break the strike at McKeesport or Wheeling with nonunion men and have given no indication of their plans in these districts. Both sides express their satisfaction with the progress of the strike. Encouraged by success in being able to start their plant at Cleveland, the officers of the American Tin Plate company are planning resumption at other points. They will not say where their next move would be, but that it will be made quickly.

Workmen began to dismantle the Chartiers mill at Carnegie. The ma-

chinery will be taken to Leechburg, where the mill will be located. Work on the Deerees Wood property at McKeesport has been suspended. It is said there is a mortgage of \$2,000,000 on the mills, and that nothing toward dismantling them would be done until some arrangement is made as to the mortgage.

There was a great labor demonstration at Wheeling and President Shaffer made a stirring appeal to his followers to fight on. In an interview before he spoke he said that if the western lodges did not heed the final appeal of Assistant Secretary Tighe and come out they would be expelled from the Amalgamated Association, their charters taken up and their offers of assistance spurned. Locally the strike seems to drag and interest to flag. Large numbers of the strikers have gone away either for vacation or to work, and there has been scarcely any excitement, much less disorder. McKeesport and Wheeling are stirred up periodically, but there has been no violence at either place.

Rumor again "settled the strike." It was related that President Shaffer had acknowledged he could not win, that the steel corporation feared its rivals would profit by an extended strike, and that they were going to settle. No shadow of confirmation of the story was possible.

The fact that the encampment of the Second brigade of the national guard of Pennsylvania was postponed and that it is to be held at Somerset, near Pittsburg, is regarded as significant. The encampment begins this week and will last until the latter part of next week, and it is thought here that the strike had something to do with its postponement. Within two days the state will be in a position to throw troops into Pittsburg, McKeesport and Newcastle within a few hours. The present situation, however, does not warrant the calling out of state troops.

Miners Return to Work.

Wilkesbarre, Pa., Aug. 15.—The 1,100 strikers employed at the Woodward mine of the Lackawanna company, who went out two weeks ago because the officials of the company would not allow a committee of United Mine Workers to examine the working or union cards of the employees, returned to work. The men will allow their differences with the company to remain in abeyance until the convention of the United Mine Workers at Hazleton Aug. 27.

Car Builders' Strike Ended.

Scranton, Pa., Aug. 15.—The strike of the car builders of the Delaware Lackawanna and Western company here was declared off. The Buffalo, Dover and Kingston strikers refused to abide by the action of the Scranton strikers, whose decision means that the strike on the whole system is at an end. The men went out May 4 for a nine-hour day at the 10-hour rate. They go back without gaining a single concession. There were 1,500 men out on the whole system.

Kelly Wants to See Shaffer.

Milwaukee, Aug. 15.—Michael Kelly, former corresponding secretary of the Bayview lodge, Amalgamated Association of Iron, Steel and Tin Workers, has left for Pittsburg to confer with President Shaffer. The Bayview men will base their fight against the strike order on the contract section of their constitution.

Strike In Cudahy's Packing House.

Wichita, Kan., Aug. 15.—At the Cudahy packing house 35 butchers struck because the management held that the receipts did not justify a full day's work. Their places were filled by employees drafted from the other departments of the company.

STATE CONVENTIONS

Democrats of Pennsylvania and Virginia Get Together.

PHILADELPHIA'S FACTIONAL FIGHT.

Keystone Platform Built on Lines of Ohio Pronouncement—A Virginia Orator Mistook Sentiment of His Hearers and His Free Silver Death Knell Was Received in Silence.

Harrisburg, Pa., Aug. 15.—Rival factions of the Democratic party in Philadelphia furnished the main interest in the state Democratic convention attracted more than usual attention. Both factions filed complete lists of delegates. Repeated attempts were made by prominent party leaders outside of Philadelphia to restore peace between the discordant elements, but all their efforts were in vain. The Donnelly-Ryan delegates were placed on the roll by Chairman Creasy. This placed the delegates certified by the Young Democracy of Philadelphia in the position of contestants and forced them to take the initiative in the fight for recognition.

There are no contests for places on the state ticket and the nominations will be quickly made and without friction. Judge Harmon Yerkes of Doylestown has no active opposition for supreme court judge and his friends predict his nomination by acclamation. The nomination for state treasurer seems to be going begging. Captain William Massen of Oil City and Representative Andrew J. Palm of Meadville were tendered the honor by party leaders, and there is a proposition to effect fusion with the Independent Republicans on the state ticket by nominating E. A. Cory, Jr., of Luzerne, member of the legislature, for state treasurer.

The platform will be similar to the platform of the Ohio Democracy and will treat almost entirely of state issues. The last legislature will be condemned for the passage of the rapid transit bills and the capitol bill. Those Democrats who declined to vote with the anti-Quay Republicans at the organization of the house of representatives may be censured.

Virginia Democrats.

Norfolk, Va., Aug. 15.—The Democratic gubernatorial convention nominated Hon. A. J. Montague for governor. No other candidate was presented. Mr. Swanson having withdrawn from the race. Mr. Montague was nominated by acclamation. After the nominee's speech of acceptance the crowd cried for Swanson and the defeated candidate was applauded in his speech equally as much as was his successful opponent. Hon. J. Taylor Ellison of Richmond was unanimously elected chairman of the state Democratic committee for his eleventh successive term. Senator John W. Daniel, Hon. John Goode, Congressman W. A. Jones and Peter J. Otey were among the speakers at the convention. The most noticeable incident of the day was the lack of applause which greeted H. R. Pollard of Richmond when he said: "Free silver is a dead issue. It met its Gettysburg in 1896 and its Waterloo in 1900."

Waldersee Roasted.

Berlin, Aug. 15.—The powers begin to complain that Count Von Waldersee is talking too much. The National Zeitung says: "All the glory-crowned commanders of our great wars of 1866 and 1870 together did not talk publicly so much about those wars as Count Von Waldersee has talked regarding the China campaign, which was insignificant from a military point of view." The Muencher Allgemeine Zeitung, commenting on Waldersee's speech at Hanover, points out the importance of a general praising the supreme commander in public speeches, and says that this is against the traditions of the German army. The relations this paper sustains to the government give exceptional significance to its words. The Deutsche Tages Zeitung also admits that if Count Von Waldersee's speeches were shorter they would better correspond with the old military traditions.

One Revolver Served Both.

Greenville, N. C., Aug. 15.—News reached here of a double murder near Gardner's crossroads. In the southern section of this country, William Gardner and Mack Dixon, both white, quarreled over some small matter. Gardner drew a pistol and fired three shots into Dixon's abdomen. Then Dixon knocked Gardner down, took the pistol from him and discharged the two remaining bullets into Gardner's body. Both men died in a short time.

Attorney For Schley.

Baltimore, Aug. 15.—It is announced here that Isidore Raynor, attorney general for Maryland, has been retained as one of the attorneys for Rear Admiral Schley in his coming hearing before the court of inquiry. Mr. Raynor received a letter from Admiral Schley in which he was asked to act as one of the counsel in the case, and at once accepted.

Wild Goose Chase.

Helena, Mont., Aug. 15.—The gold stampede to the Big Snowy mountains is over. It turns out that there is no gold there, so far as known, the speculators displayed by a miner being copper gloules from a smelter which in fun he claimed to have secured there. The news spread like wild fire and a stampede was in progress until the truth came out.

Army of the Philippines.

Salt Lake City, Aug. 15.—General Irving Hale of Colorado was chosen president of the Society of the Army of the Philippines. Council Bluffs reported that the army's convention,

FROM COUNTESS TOWN.

News Gleaned in Buckeye Field. Fire Horror at Cleveland.

Cleveland, Aug. 15.—Five men were burned to death, four were drowned, three and possibly four were suffocated and several injured as the result of a fire which destroyed a temporary waterworks crib two miles off the Cleveland harbor. When the flames broke out 25 men obeyed the order of Manager O. C. Van Deusen and took refuge in the water on floating pieces of wreckage. Four of them lost their hold upon their frail floats and sank beneath the waves just as help reached their comrades. The tug J. R. Sprangle raced to the scene from the harbor. She picked up 13 of the survivors. The crib is a total loss. It was a frame structure 200 by 50 feet, the sides sheathed with iron. It contained valuable machinery. It was the property of Shaller & Schilling, contractors, loss \$200,000.

Mayor Johnson expressed great indignation when he learned that no boat or life preservers were provided as a safety measure by the contractors at the crib. He declared that the case would require the closest investigation, and that those found guilty of criminal negligence in the matter would be prosecuted to the full extent of the law.

Militia Hunted Bank Burglars.

Millersburg, O., Aug. 15.—Company I, Eighth regiment, Ohio national guard, was called out to assist in the capture of the men who tried to rob the Adams bank. The robbers were supposed to be in a dense thicket near this city. Some one called out the militia. It is not known who was responsible for the call, but the company responded and with fixed bayonets led the way to the woods, followed by 400 or 500 citizens armed with every conceivable weapon. The woods were surrounded by armed citizens and guardsmen and the watch was kept up all night.

Wheeler and the Itan-Nic-Nics.

Cincinnati, Aug. 15.—General Joseph Wheeler was given a reception here by the Order of Itan-Nic-Nic, whose name is the reversed orthography of Cincinnati. Its purpose is to promote the fall festival that was inaugurated here last September and will be given again next month. General Wheeler is en route to a carnival at Lexington, Ky. The Itan-Nic-Nics elected him as their first honorary member and then he made a rousing speech, witnessed initiations and took the obligation. The Itan-Nic-Nics afterward entertained him at lunch.

Beaten and Left For Dead.

Marietta, O., Aug. 15.—Simon Gussess, keeper of a fruit stand, was set upon by three men and beaten into insensibility. He is now in a dying condition at Grace hospital. The assailants escaped, but officers are now on their trail. Warrants have been issued for James Dyar, Serel Nelson and Lou Chapin, all young men of prominent families.

Drank Wood Alcohol.

Sabina, O., Aug. 15.—Thomas McFadden, an influential citizen of Lees Creek, this county, died of wood alcohol poisoning, causing congestion of the lungs. He had purchased the alcohol to use in lighting a gasoline lamp, and indulged in its use as a beverage, the poison resulting fatally.

Reutinger Re-Elected.

Columbus, O., Aug. 15.—The fish and game commission re-elected L. H. Reutinger fish and game warden of the state.

Nipped In the Bud.

North Lawrence, O., Aug. 15.—The fire which threatened this town was soon extinguished with small loss.

Harvest Hands Robbed.

St. Paul, Aug. 15.—A hold-up is reported as having occurred between Hastings and Red Wing on a freight train, in charge of Conductor William Rice. There were 18 men on flat cars en route for the Dakota harvest fields and they were pounced on by five men with drawn revolvers who jumped aboard, relieving them of a considerable amount of money and watches. Officers are hunting for the robbers.

Hobson In Cotton Business.

Atlanta, Aug. 15.—A firm of cotton buyers announced that it had taken Richmond P. Hobson into partnership.

The Weather.

For Ohio—Probably showers; light variable winds.

CAMBON TALKS OF AMERICA

He Says There Are Many Surprises In Store For Europe.

M. Jules Cambon, the French ambassador to the United States, in an interview printed in the Echo de Paris is quoted as follows: "Europeans have no idea how hard Americans, both rich and poor, work. The French people are not aware how many French there are in America, especially the descendants of French people.

"The Americans speak English, but they are not English. The whole effort of the Americans has been to weld into a single metal the French, English and Germans who compose the nation. The French language is popular. If the educated young women of France who are vainly seeking employment in schools would go to America, they could easily gain a good living there as teachers. The Americans perhaps are inclined to reproach the French with remembering too well what they did for America. Still, the cultured classes know what America owes to France."

Describing the country, M. Cambon says: "When one returns to Europe after living with the Americans, everything here looks small. America is so colossal and so young that she has many other surprises in store for Europe."

RAMBLING COGITATIONS.

Not An Unmixed Blessing.

The rain brought cheer to the farmer, the townsman leaped as a boy. The old trees bowed in their gladness. The earth drank it up with joy. On the hills and in the meadows, Every blade in the fields of corn Whispered a welcoming message. To them it was life, new born.

But the youth and his maiden driving. Gave back no echoing shout. They each wore a showy shirtwaist And rode in a runabout.

—The Rambler.

A prominent young lady, whose kindness is only equalled by her popularity because of her many other good traits, met a ragged little urchin one day on Main street.

"Oh, little boy," she said. "Why don't you run in. You will be sun-struck."

"Nope," was the laconic reply. "I don't sunstroke. I freckle." And the young lady walked on with a smile.

The average schoolboy is looking with longing to the time when the public schools will open, but it is not with the longing that he loves. The summer vacation is almost over and in a few weeks he will be back to his books. But he is assured of good things in the way of education, advancement and many towns much larger than Coshocton do not possess. Preparations are being made that will give him a good start in life, and they are not for the Coshocton boy alone. They are for the youth of the county, and they can do no better than take advantage of them immediately upon their inauguration.

The Warsaw *News* says the fire near that place last Monday was caused by the smouldering ruins of a bonnet's nest or a lighted cigarette thrown carelessly among the straw. Bonnet's nests and cigarettes have never before been linked together, but one can readily see they are a pair of pests that should be exterminated.

If goodness counts for much in this age, the steelworkers should win. Their leader, President Shaffer, was once a preacher.

The announcement that the board of trade is considering a proposition that will establish another industry in Coshocton and will bring money and people to the city will be heard with gratification on every hand. It is all right for us to have the prettiest town in Ohio and we are proud of it, but Coshocton cannot live on beautiful homes, velvet lawns and beautiful streets. It must have something more substantial. The factories we have lifted the city from a pleasant country seat to a place among the best towns in Ohio, and their enterprise and push is appreciated. But we cannot stop here. We must advance and now is the time to move. Let the board act promptly.

Holmes county is slow in some things, but when robbery is the question it can hold its own with any. Recent developments in the offices of county officers and the attempt to crack the Adams bank are notable proofs.

It has developed that the man who stole \$200,000 from a San Francisco smelter drove a street car. All of which goes to show that honest toil will have its reward—if one is not caught.

A local statesman who has exhausted every resource at his command and still lingers should take courage. They cut the corns on an alligator in New York the other day.

A bright young woman who has been visiting in the city and has been dined and feted until her digestion seems in danger of collapse, confided her troubles to a party of friends the other evening.

"If they don't stop this thing of feeding me on fried chicken," she said, "I am going out and buy a nickel's worth of dried beef. I want to feel like home again."

The chronic grumbler is a dangerous quantity in any community. Reprove him at every opportunity and some day he may learn to keep his grumbling to himself. Otherwise it may be necessary for the public good to give him a bath in the river.

AVONDALE.

AVONDALE, Aug. 14.—Mr. and Mrs. Philip Decker, are at Mt. Vernon this week attending the camping trip.

Mrs. R. J. Boyd spent Wednesday at Barris Mills.

Miss Midge Hamilton, of Coshocton, is spending a week here among friends.

Mr. Shelby and Mrs. Erwin, of Steubenville, are guests at the home of Rev. Mr. McCrea.

Born to Mr. and Mrs. Philip Harrisberger, a son.

Mr. and Mrs. Philip King, of Canton, spent Sunday with Mrs. Jacob Kline.

Angie Norman, of Newcomerstown, is visiting with J. M. Philabaum and family.

Miss Esie McNeely spent last week in Coshocton.

Mrs. Cassimer Lorenz, of Bakersville, spent several days of last week in town.

Born to Mr. and Mrs. J. E. Thomas, a daughter.

Miss Mabel Litten, of West Bedford, spent last week with David Ewing and family.

J. H. Long, of Coshocton, visited at this place and at Cleveland, the past week.

Rev. Mr. McCrea, Mrs. J. B. Park, Mrs. Emma Erwin, of Steubenville, Mrs. Della Keeley, of Des Moines, Mr. and Mrs. J. A. Lockard and Mrs. Ellen Wier spent Wednesday with S. R. McCormick and family near Keene.

Miss Pearl Boyd, of White Eyes, spent Thursday of this week with E. A. Swigert and family.

J. B. Park has taken his old

position as agent of the Wheeling at this place. W. E. Kelley will move to Canal Dover where he has taken a position.

Misses Nora McPherson and Anne Philabaum, of Coshocton, spent Sunday here.

Mrs. William Young, of West Bedford, and Mrs. Emanuel Fisher, of Chili were guests last week of Mrs. I. B. Fisher.

Miss Eva Jacobs, of Coshocton, is visiting Miss Corena Daugherty.

Miss Lucretia Myser is spending a week with Mrs. A. Rinehart, in Coshocton.

Philip Renner is making extensive repairs on the new home he recently purchased.

The band rendered music for the entertainment at West Carlisle Saturday.

I. G. Anderson was at Moscow Sunday.

T. P. Parkhurst and C. H. Trego was in Coshocton Monday.

Miss Eva Smith took the train at Cooperdale at noon, for Mt. Vernon to attend the camp meeting.

WAKATOMIKA.

WAKATOMIKA, Aug. 15.—W. A. Clark and wife visited his sister, Mrs. Frank Reinard, of Newark, Saturday and Sunday.

Mr. and Mrs. Burr Dusenbury, of Blooming Grove, were the guests of John Stuben and family part of last week.

The proceeds of the missionary society meeting held at G. C. Crout's was \$11.34 instead of \$1.36 as printed in last week's paper.

Miss Lillian Cotton, of Coshocton, is visiting Lulu McConnell.

This vicinity is well represented at Camp Sycar. Those in attendance are: C. L. Garrett, and wife, P. S. Maston and wife, James Bell and wife, S. Eadsley, J. F. Dickerson, Joseph Hardesty and wife.

M. Slaughter is seriously ill.

Misses Izora and Nellie Crout attended the Dresden excursion to the Boys' Industrial home at Lancaster last Tuesday.

Roy Stafford expects to move to Dresden in the near future. His son, Charles, will continue to run the dairy.

Wakatomika defeated Frazeysburg at base ball by a score of 5 to 12. It was interesting from the fact that Maston for Wakatomika struck out 14 men.

TO TEXAS IN AUTOMOBILE.

Mr. and Mrs. Decker Leave New York on a Novel Trip.

Mr. and Mrs. Harry Decker, two enthusiastic chauffeurs, left the Gilsey House in New York at half past 9 o'clock the other morning en route for Texas, covering every mile of the road in their automobile. They will accomplish the journey, they say, if it takes half a dozen machines, though they do not anticipate the possibility of renewing the machine more than once.

In reality Mr. and Mrs. Decker will travel from town to town, calculating always to reach a lodging place by nightfall, and from each city or village will decide how to proceed, says the New York Telegram. It is their theory that the residents of each locality will be able to tell them more of the roads than any mapmaker could possibly know and that they will thus be able to see much more of the country than in any other way.

The adventurers crossed to Jersey City on their way down the coast to Cape May. Then they will go by way of Philadelphia, Baltimore, Washington, Augusta, Ga., and Savannah across a long stretch of southern country to Mobile and New Orleans. Then a direct cut will be made across to Beaumont, Tex., which is the chauffeurs' destination.

Mrs. Decker in the two months she has owned an automobile has traveled 1,300 miles without accident, and she says she has perfect confidence in the ability of her husband and herself to make the long trip successfully. The original cost of the vehicle was \$850, but \$300 has been expended upon it in adding every modern improvement. The original gasoline supply was five gallons, and the machine could be run only 40 miles without reloading, but the fuel capacity has been increased to 17 gallons, which is held in a tank in place of the dashboard, and reloading need be done only once in every 100 miles.

No attempt will be made to create a record, and the automobilists will not hurry. The trip is made in this particular fashion for pleasure alone, and while the travelers have no exact idea of the time it will take they have allowed themselves seven weeks. Their speed will depend upon the condition of the roads and the behavior of the machine, though they are calculating upon covering from 70 to 100 miles a day. They will make no attempt to travel after dark.

Parlor Cars For Theater Goers.

When the theatrical season opens in Brooklyn, the Rapid Transit company will operate parlor cars on a special schedule for theater goers, says the New York Sun. The intention is to start them on Oct. 1. The fare will be 25 cents.

INVITATION FOR DE WITTE.

Russian Finance Minister May Be Guest of New York Business Men.

Prominent business men of New York city are said to be interested in an invitation to be extended to Serge Yulewicz de Witte, the Russian minister of finance, to visit the United States. One of the men who did not wish his name to be used was reported in the New York Post the other day as saying:

"It is true that we are carrying on correspondence with a view to getting De Witte to return by way of the United States. He is now on the way to China by the Siberian railway. When he reaches China, he might as well return to Russia this way as the other. We have reason to believe that he will. The minister of finance in Russia is quite a different person from the secretary of the treasury in this country. He is what the secretary of the treasury is, but more. He is a sort of potentate. He makes and unmakes laws. A visit from him could not fail to be of great importance to the trade interests of this country. It is the idea to receive De Witte at San Francisco and bring him across the country in such a way that he can observe for himself what enterprises are afoot and how they are thriving. He cannot be the guest of the government. Such a thing is not contemplated. He will be the guest of the business men of this city and as such will be shown all the courtesies possible and given all the opportunities for coming in touch with the industrial interests of the country. There will be a banquet in his honor."

Grandson of Seattle.

Lawrence, Kan., Aug. 9.—Matthew P. Seattle, after whose grandfather the city of Seattle, Wash., was named, died here of consumption. Seattle was an Indian. He was a graduate of the Haskell Institute and was taking a course in law at the University of Kansas. He was a member of the Lawrence Masonic lodge, the first Indian ever taken into the lodge, and will be given a Masonic burial.

CHINESE CABBAGES.

Agricultural Department to Experiment With an Oriental Vegetable.

The agricultural department is now making preparations for a series of experiments next spring to test the growing in the United States of fruits and vegetables which for centuries have been used by the Chinese, says the Washington Star. The vegetable from which the best result is anticipated is the Chinese cabbage, which has a delicate flavor, but none of that "cabbage smell" which makes the vegetable unpalatable in many a household where it would otherwise be placed on the table. The Chinese cabbage may be cooked as is the American variety without fear that eaters will be able to tell what their host is to have for dinner. This cabbage does not "head up" in the compact form of the American variety. Its leaves are loose, and while the plant is growing the gardener must thin them up so that the inner leaves will be blanched and tender by the time it gets its full growth. Otherwise the leaves would spread and be less desirable as a food.

Shot by a Jealous Woman.

Denver, Aug. 9.—Mrs. Philip Hitchcock, wife of a prominent railroad man, shot and seriously wounded James W. Roberts and his wife in their candy store. The woman was shot in the face and the man received two bullets, one in the middle of the forehead. It was thought the man was killed, but at the hospital he revived and the physicians hope for the recovery of both. Jealousy was the cause of the shooting.

German Interest in St. Louis Expo.

Berlin, Aug. 9.—Congressman Richard Barthold and J. Brucker have been at work here in the interest of the St. Louis exposition of 1903. It is believed the Germans will take a greater interest in this exposition than they took in the exposition at Chicago owing to the immense development of trade between Germany and the United States since 1893.

The Pains of Kidney Disease

Warn You Against the Most Dreadfully Fatal of Disorders. You Can be Cured by Promptly Using Dr. A. W. Chase's Kidney-Liver Pills.

Pain is nature's signal whereby she warns man of approaching danger. Few diseases are so dreadfully fatal as disorders of the kidneys and few are accompanied by more severe pains and discomforts.

One of the most common symptoms of kidney disease is the smarting, scalding sensation when passing water which is likely to come very frequently and at inconvenient times. Then there is the dull, heavy aching in the small of the back and down the limbs.

When these pains are accompanied by deposits in the urine after it has stood for twenty-four hours you may be sure that you are a victim of kidney disease and should not lose a single day in securing the world's greatest kidney cure—Dr. A. W. Chase's Kidney-Liver Pills.

See that you get the genuine, with portrait and signature of Dr. A. W. Chase. For sale by C. E. ANDERSON, No. 2 Forbes Block.
